Software: Webex Meetings/Webex Training, Blackboard

recommended operating systems: Windows 7 or higher or Mac OS X 10,13 or higher, avoid using a VPN

**Attendance**

Each class consists of six teaching modules (45 minutes each), split in 3 live online modules and the rest as group- or independent study in the form of tasks on the online learning platform. The coursework corresponds to an on-site course amounting to 72 contact hours. Unexcused absences will negatively impact the student's course grades. Regular attendance is mandatory.

**Tasks on the Learning Management System (LMS)**

You will need to work on tasks on the LMS platform that your instructor will provide throughout the term independently. You will need to hand in the tasks at specified times. It is essential for your learning progress that you complete these tasks, which is why you will need to complete at least 80% of them throughout the term.

**Active Participation**

We expect committed and consistent interest in the acquisition of the German language. You will prove this by participating constructively and productively in the lessons and excursions, completing homework assignments and being prepared for every class. Every student is expected to respect the ideas and comments of his/her peers.

**Oral Presentation**

You will prepare a ten-minute oral presentation. It is important that you prepare and explain for your presentation relevant vocabulary beforehand (max. 5 – 7) and that you give your peers a specific assignment. Furthermore, it is important that you speak freely rather than reading the oral presentation and that you keep to the time allowed.

**Essay**

In this course you will write one essay (font size 12, double-spaced, 200 – 250 words). Your teacher will mark potential errors as such and you are required to correct your essay and hand in a second corrected version. For the first version of your essay you can obtain a maximum of 100 points; for the second version you will receive up to 50% of the missing points.

When writing your essay, you will strive first and foremost for clarity (organization and style) and accuracy (grammar and syntax). You are encouraged to incorporate complex constructions, but please concentrate on syntactic and grammatical accuracy.

**Reflective Journal/Blog Entries and Comments**

Throughout the term you will write various online journal or blog entries – independently or on given topics – to reflect on certain aspects of your German course and will comment on the entries of the other students. Your instructor will comment the content of your entries. However, no corrections will be made. The aim of the entries is that you learn how to express a critical and self-reflective position in a linguistically creative way.

**Test**

During the three weeks you will write one tests. Your instructor will inform you about the format and other details after the course start.

**Group Project**

Together with two or three peers you will prepare a creative and linguistically demanding oral presentation of approximately 10 minutes about your impressions of your German course and the topics discussed in class (funny, bizarre, interesting facts etc.). The projects (sketches, parodies, PowerPoint presentations, movies, songs, poems etc.) will be presented on the last day of class. Most importantly, every group member should play an active role in the presentation, i.e. should receive an equal amount of speaking time during the presentation.
