- By the end of the course you will be able to deal with everyday situations in a German-speaking environment and to conduct simple conversations.
- You will have developed reading strategies that allow you to understand simple newspaper and magazine articles as well as short literary texts.
- In addition, you will learn to write, revise and proofread short texts in German.
- Finally, you will be able to understand discussions on familiar topics.

Textbook
Literary texts and supplemental materials in consultation with the course instructor.

Daily Lesson and Excursion
Lessons take place Monday, Wednesday and Thursday. On two class days during the term you will go on a course-related excursion.

Attendance
Each class consists of six teaching modules (45 minutes each). If you miss 8 modules (unexcused), your entire course grade will drop by one grade. Coming more than 20 minutes late counts as missing a module (this also applies to excursion days). If you come late to class six times (up to 20 minutes) your entire course grade will also drop by one grade. If you miss 20 modules, you will fail the class.

Active Participation
We expect committed and consistent interest in the acquisition of the German language. You will prove this by participating constructively and productively in the lessons and excursions, completing homework assignments and being prepared for every class. Every student is expected to respect the ideas and comments of his/her peers.

Oral Presentation
You will prepare a three-minute oral presentation. It is important that you speak freely rather than reading the oral presentation and that you keep to the time allowed.

Essay
In this course you will write one essay (font size 12, double-spaced, 100 – 150 words). Your teacher will mark potential errors as such and you are required to correct your essay and hand in a second corrected version. For the first version of your essay you can obtain a maximum of 100 points; for the second version you will receive up to 50% of the missing points. When writing your essay, you will strive first and foremost for clarity (organization and style) and accuracy (grammar and syntax).
Reflective Journal
Throughout the term you will write various journal entries – independently or on given topics – to reflect on certain aspects of your stay in Berlin. Your instructor will collect these creative exercises and comment the content. However, no corrections will be made. The aim of the journal is that you develop awareness of the language(s) surrounding you.

Midterm and Final Exam
You will take a midterm and a final exam consisting of the following sections: listening comprehension, vocabulary, grammar, reading comprehension and composition based on course themes.

Group Project
Together with two or three peers you will prepare a creative and linguistically demanding oral presentation of approximately 10 minutes about your impressions of Berlin (funny, bizarre, interesting facts etc.). The projects (sketches, parodies, PowerPoint presentations, movies, songs, poems etc.) will be presented on the last day of class. Most importantly, every group member should play an active role in the presentation, i.e. should receive an equal amount of speaking time during the presentation.
