FUBiS Website: How to find the FUBiS course of your choice

1. Once you see the website www.fubis.org on your screen, you can choose the language on the website. English is already selected.

2. Now click on the category „Academic Program“ on the left side of the website.

3. Depending on the term you are interested in, click on FUBiS Term I (winter term), II or III (both summer terms).
The course schedule for the chosen term will be displayed now. This is where you can pick the course(s) you are interested in. By clicking on your course of choice, the course description will expand. Let’s take the course “Creating a Solo Performance” as an example.

In this description you find information about the content of the course, about course requirements and prerequisites, about the grading, and the tuition fee. For even more detailed information click on the “Syllabus”-link right at the top of the page. This will open a pdf-document containing a day-to-day schedule.
